ABOUT ME

I'm a year 4 student majoring in Software Engineering at Kirirom Institute of Technology. I'm interested in mobile development both Frontend and Backend. I'm willing to learn new things, a fast learner, highly responsible, and commitment. I believe that nothing you cannot do except you don't do it.

EXPERIENCE

NATIVE MOBILE SDK DEVELOPMENT

Incubation Center | Kampong Speu, Cambodia
October 21, 2022 - Present
Junior Level | Internship

About Project: The purpose of this project is to build a single SDK that can run on multiple applications. This is kinda new for me because we have to research a lot inorder to make it work out.
